Purpose of the processing of personal data and legal basis for the processing

TS-Diaari is a case management system that shall be used for registering cases and documents, preparing cases, making decisions, communications, implementation and processing phase supervision. Registering enables the monitoring of cases and the recording of new documents. The system can be used to produce statistics and reports on processed cases.

The processing of personal data is based on legislation.

EU General Data Protection Regulation, Article 6e
Act on the Openness of Government Activities (621/1999), Section 18
Act on Occupational Safety and Health Enforcement and Cooperation on Occupational Safety and Health at
Workplaces (44/2006), sections 3 and 4

Personal data included in the register and special categories of personal data

The following personal data on the submitter, initiator or employee shall be recorded into the register:

First name

Last name

Postal address P.O. Box 10, 13035 AVI

Special categories of personal data are not generally processed in the register. However, the manual materials related to cases registered into the TS-Diaari system may contain additional personal data provided by customers and they may also include special categories of personal data.

Information of informants, pursuant to Section 10 of the OSH Enforcement Act (Act on Occupational Safety and Health Enforcement and Cooperation on Occupational Safety and Health at Workplaces (44/2006)), shall be concealed.

Regular sources of data

The data shall be obtained from the data subject or gathered in connection with supervisory activities of the Occupational Safety and Health Authority.

Disclosure of information

Personal data shall not be regularly disclosed to third parties.

Data included in the register shall be disclosed in accordance with sections 13 and 16(3) of the Act on the Openness of Government Activities (621/1999).

Transfer of data outside the EU or the EEA

The data shall not be transferred outside the EU or the EEA.

Personal data retention period

The retention period for personal data stored in the TS-Diaari system is based on the filing system plan of Regional State Administrative Agencies' Division of Occupational Safety and Health.

Security of the processing of personal information

Manual material shall be stored on locked premises with restricted access.

IT processed data shall be protected through user group and access rights management, technical protection of servers, physical protection of premises, access control, data communications protection and backup copying of data.

Rights of the data subject

Right of inspection

The data subject shall have the right to obtain from the controller confirmation as to whether or not personal data concerning him or her is being processed. The data subject shall have access to the personal data.

Any data subject who wants to inspect data concerning himself or herself shall submit a request signed by him or her or a similarly authenticated request in writing to the controller or submit a request in person to the control-
